District Simplified Grant Approved!

Thanks to your generous donations to The Rotary Foundation, matching grant funds have been approved to fund three literacy projects for Madera kids.

A. MUSD Preschool Program will receive Spanish and English paperback books to create a lending library in 2 class-

rooms. Since many students enter pre-school speaking only Spanish, parents will come to school on "Family Fridays" and check out books to read at home. Cost \$1,000.

B. Two iPads are being purchased for the Gould Educational Center for special needs students with moderate to severe disabilities. The technology helps each student fulfill potential

in vocabulary, social skills, communication, motor skills, and academics. Cost \$1,120.

C. Paperback copies of "History's Shocking Secrets" by Bill Coate will be given to all MUSD 5th grade teachers as an historical resource book to encourage interest in US history. Cost \$330.

Total for all projects: PRICELESS !!
